

Rathlin Wildlife Boat Tour

Discover the wildlife of the Causeway Coast and Rathlin Island on this fascinating boat trip.

Discover the wonderful wildlife and famous legends of the Causeway Coast and Rathlin Island when you jump on board your tour boat, a rigid inflatable boat with weatherproof covering at **Ballycastle Marina 1**. Your guide, Alan Wilson will bring the Causeway Coast to life with fascinating descriptions of local landmarks and rare wildlife, including puffins, guillemots, seals and dolphins. You might even be lucky enough to spot a whale, so make sure to bring binoculars and a camera!

The trip will take you over to Rathlin Island where you can view the upside down lighthouse at the RSPB's Bird Sanctuary. Visit Bruce's Cave, where King Robert the Bruce, Scotland's most famous monarch, is said to have seen the resilient spider which kept trying to spin its web until it succeeded, thus inspiring him to return to battle against the English and regain his crown.

Before taking your ferry back to Ballycastle, enjoy some refreshments on the island or browse the island's gifts in **Island Treasures Gift Shop 2**.
